| Item: Tow Truck Certification Update – Adam Anderson | |
| Discussion: | <ul style="list-style-type: none"> • Postcard communications (also at a significant savings) are also being used for tow truck companies to be better informed about their driver, truck and carrier certifications. The card introduces Adam and Peter Tabachki as the certification/compliance team. • Much of the information can be taken care of on-line at utahmc.com. The system will continue to be refined, but is streamlining the process. • Schedules for certifications are being communicated to the operators for locations across the state. For the Salt Lake area, operators can come to the division on Tuesdays. The schedule and locations will be posted on www.udot.utah.gov soon, so carriers will be able to schedule their certification appointments. • There are 497 tow truck carriers in the state. Many of those are single truck operators. • Carriers that cannot be contacted or physically <u>located</u> will be deactivated. • Dave Creer observed that it seems if Utah is quite progressive and a leader in this type effort in offering technology based services. Don Ipson affirmed that Utah and the division is a leader in this arena. |
| Action Item: | Dave suggested that the legislature be made aware of the division's accomplishments and Don Ipson agreed to follow through on the suggestion this session. |

| Item: December CMV Crash Summary – Steve Goodrich | |
| Discussion: | <ul style="list-style-type: none"> • A summary of crash data collected from the Utah Highway Patrol's Motor Carrier Section communication following crashes involving Commercial Motor Vehicles. The Division will track statistics and watch for trends that would indicate problems that need attention. • Dave Creer mentioned the information presented a couple of years ago on a study of CMV crash locations and how helpful that information has been. Rick Clasby mentioned that a Memorandum of Understanding has been signed with the University of Utah to conduct another survey of crash locations to see if there has been improvement in the problem areas and where the division should focus future efforts. • Lt. Pollei said as problem areas are identified, they can adjust resources to address identified issues. |
| Action Item: | Continue to monitor for opportunities to address identified trends. |
